**XXVIII Edizione Trofeo “Marcello Campobasso”**  
**Targa “Laura Rolandi”**  
**Trofeo “UNICEF”**

**Current conditions:** the Gulf of Naples is still affected by southern winds, driven by a trough located over western Mediterranean basins. Actually, the meteorological scenario is fair, being characterized by moderate breeze and mostly sunny weather conditions.

**Situazione:** il golfo di Napoli è interessato da correnti di provenienza meridionale, veicolate da una circolazione di bassa pressione ubicata sui bacini occidentali del Mediterraneo. Attualmente, le condizioni atmosferiche sono per lo più soleggiate ed i venti spirano con moderata intensità.

**Weather Forecast for January 05, 2022:** on race area, sunny or scattered clouds conditions will prevail until the early afternoon. Subsequently, an increase in cloud cover is expected, although there will be no chances of relevant precipitation. During the morning and in the early afternoon (until 3:00 PM), winds will blow from southern, with an average speed ranging from 10 to 15 knots. In the following hours, the average wind speed will increase to 15-20 knots, with gusts up to 25-27 knots. Air-temperature will be between 15 and 16°C. Slight sea is expected.

**Bollettino meteorologico per il 05 Gennaio 2022:** sul campo di regata si prevedono condizioni di cielo poco o parzialmente nuvoloso sino alle prime ore del pomeriggio. In seguito, è previsto un incremento della copertura nuvolosa, sebbene non siano attese precipitazioni di rilievo. I venti spireranno da meridione, con intensità compresa fra 10 e 15 nodi sino alle ore 15:00 (circa). In seguito, la ventilazione tenderà a rinforzare e soffierà con un'intensità media di 15-20 nodi. Nel corso della giornata, sono attese raffiche sino a 25-27 nodi. Il mare si presenterà mosso.
