The Reale Yacht Club Canottieri Savoia, chaired by Fabrizio Cattaneo della Volta, is one of the most well-known and prestigious clubs on the international scene. Founded in 1893, it obtained the Gold Star for sporting merit in 1969 and the Golden Collar for sporting merit in 2002. The Club's palmares includes a challenge in the America's Cup, numerous world titles and two Olympic medals in sailing (Rome 1960) and in rowing (Rio 2016).

The Global Team Race Regatta was founded in 2016 as part of a drive to internationalize Keelboat team racing. Based loosely on the principles developed by 2K, the Global Trustees aim to hold an annual event. The first Global was held at the New York Yacht Club in 2017. The winner was the Royal Thames Yacht Club from the UK.

The next event was held at Cowes, hosted by the Royal Yacht Squadron. The winner was St. Francis Yacht Club (USA)

Covid got in the way and the next event was 2022 with a return to the New York Yacht Club. This time the winner was Newport Harbor Yacht Club (USA)

In 2023 the Global returned to the UK, this time hosted by the Royal Thames at Queen Mary. Newport Harbor retained the title.
